ACCESSIBILTY

At the Pioneer Centre, we believe that every individual, regardless of their abilities, deserves the opportunity to take part, grow in confidence, and enjoy the adventure.

We're proud to host a wide range of groups, including those with health challenges, disabilities, and special needs. Many of our activity sessions are accessible as standard, requiring no alternative setup. Where adaptations are needed, we often have creative solutions and alternative methods to ensure no one misses out, such as our wheelchair abseiling tower, which opens up the thrill of abseiling to everyone.

Accessibility is more than just facilities. Our staff are passionate about breaking down barriers, and they receive regular training to meet the diverse needs of all our guests. We're committed to creating a welcoming, supportive, and non-judgmental environment for all participants.

Pioneer Centre is mostly under one roof, with level access and smooth transitions between spaces. We also offer a limited number of universally accessible bedrooms with wet room facilities, designed for comfort and ease of use.

We encourage group leaders and organisers to get in touch with us to discuss specific requirements. We're here to help make your stay not just possible, but unforgettable.
